ODD FELLOWS' HALL BEING RAZED

35 Year Old Building Now Makes Way for New \$25,000 Hall.

Wreckers were busy razing the Niles Odd Fellows Hall this week on the corner of First and J streets. The building being wrecked was constructed and financed by William H. Ford, Niles philanthropist, thirty-five years ago. It was one of Mr. Ford's first civic enterprises.

This old structure is making way for a new \$25,000 building to be constructed by the local Odd Fellow lodge. The second floor is to be the lodge hall and the lower will be made into two modern stores. Construction work will commence immediately following the clearance of all wreckage off the lot.

The lodge making use of the hall are meeting temporarily in the hall above the Ellis store. This building which is also owned by the Niles Odd Fellow lodge was moved last week from the second to third lot on J street. A stairway was built on the outside making the second floor accessible to the sidewalk.

Lodges using the building which has been in active service for thirty-five years are: Native Sons of the Golden West meeting on the second and fourth Thursdays, S. P. R. S. J. council meeting on the first Sunday, I. D. E. S. council meeting on the second Sunday, Laura Loma parlor of the Native Daughters of the Golden West Tuesdays, Maccabees meeting on the first Tuesday of each month, Niles lodge No. 382 Independent Order of Odd Fellows meeting every Monday evening, Foresters of America Niles court meeting Thursday, Old Mill Camp No. 220 of the Woodmen of the World meeting first Friday, and the Hazel Circle of the Women of Woodcraft meeting second and fourth Wednesdays.

GAS WAR RAGES ON IN TOWNSHIP AMONG DEALERS

The gas war among the dealers continues to wage in Washington Township! Prices were slashed to thirteen cents by a majority of the gas dealers last week. Many of the local residents took advantage of the big reduction by filling their tanks and taking long week-end trips.

It is not known when this war will let up. If it is going to be a fight to the finish, gasoline will soon be given away, causing many service station operators to close their stations.

Ethyl gasoline is continuing to sell for three cents higher than the standard gas. Many tourists and motorists are buying this higher grade gasoline at these low prices.

Naglis Give Dinner Party at Their Home

Mr. and Mrs. Ernest Nagli entertained a number of their friends at a dinner party, last week. A very enjoyable evening was had by the party.

Those attending were Mr. and Mrs. H. L. Stewart, Mrs. Frank Jones, Francis Franklin, Mrs. Arlene Bray, of San Francisco, and Mr. and Mrs. Ernest Nagli, of Niles.

8 YEAR OLD BOY ON WAY TO NEW YORK STOPPED

Ted Silva, eight year old boy from Fruitvale, was picked up by Nightwatchman A. F. Roderick on the streets of Niles at 11 p. m. Sunday night. The adventurer said that he was running away from his home for New York to join Amos and Andy.

In another hour he was bound for his bed in Fruitvale as his parents came out for him at midnight, spoiling the boy's trans-continental trip.

Boy Scouts Visited By Number of Friends

A number of Niles people visited the Diamond Scout camp in East Oakland on the Fourth of July. They went to see the three Niles boys who were there, Jack Townsend, Vernon Ellsworth and Howard Rose.

Among those who went to the camp were Morrison and Marshall Green, James Geib, Frank Perry, Everett Mendenhall, Lawrence Pine, Mr. and Mrs. George Rose and family, and J. E. Townsend and daughter.

PROGRESS TOLD BY SECRETARY AT WELFARE MEETING

Niles Home Is Used As Clearing House for Juveniles.

The children's department of the Southern Alameda County Welfare Board held a meeting in the Jane R. Clough Memorial library last Thursday morning, attended by many of the members. Mrs. Lulu Boyd Stephens, executive secretary, gave a very favorable report.

Ninety five boys and girls are now under the jurisdiction of this children's unit, ninety-three of whom are wards of the juvenile court. None of the children are delinquent, Mrs. Stephens explained, all being forced to accept the juvenile court attention through lack of total or partial parental care.

E. W. Burr, president of the organization from Hayward, officiated at the meeting, reporting excellent progress in its affairs, an abundance of laudable work accomplished and progressive plans for the remainder of the year.

The Children's Welfare Home on the Niles-Centerville highway, is used largely as a "clearing house" for juveniles not yet apportioned to foster residences. The home maintained an average of seven occupants for the year, according to the executive secretary. The average was higher than in past seasons.

JULY FOURTH BABY.

A fourth of July baby was born to Mrs. Herbert Costa, of Centerville, at Silva's Maternity Home. The baby girl weighed over eight pounds. She has already declared her independence, said Mrs. Ernest Nagli. Both mother and daughter are doing nicely.

MUSHROOMS TO HAWAII

The Pacific Mushroom company shipped a carload of choice mushrooms to Hawaii last week. Leo Vincent took the shipment to the boat in San Francisco Saturday morning.

SOUTHERN PACIFIC GRADE CROSSING VIEW AT SUNOL ORDERED TO BE CLEARED

JACK REGAN BURIED IN HOLY CROSS CEMETERY

Many local people were shocked to hear of the sudden death of Jack Regan, 47. After returning from a vacation at Russian River, he took seriously ill and was rushed to the hospital by Mrs. Regan. Shortly afterward he passed into the great unknown, failing to rally to medical attention.

He is survived by his widow, a sister and two brothers. Funeral services were conducted in the Sacred Heart church in San Francisco Friday. Interment was made in the Holy Cross cemetery. A number of local friends attended the funeral.

The deceased was well known and liked in this township where he worked for the Associated Oil company as a truck salesman for the past eight years. Previous to that he worked for the same company at Galt for four years. He was prominent in all activities of the Corpus Christi church and was a member of the Centerville council of the Knights of Columbus. Through these christian contacts he made a host of friends who extend their sympathy to his widow.

CENTER GRILL IN NEW TEMPORARY HEADQUARTERS

The Center Grill has completely moved into its new location next to Rose's Garage, being forced to move out of the Odd Fellows' building, because of the wrecking of that building. The store has been painted inside and out, with everything sanitary and cheery.

Mrs. Leola Costa, formerly of the Home Restaurant, has been employed as a cook for the morning shift.

Home cooking has built up a large business for Andrew Paziolis, proprietor of the grill. He keeps his restaurant open night and day giving the best of service.

Purity of Niles' Water Tests Excellent

Despite false rumors that have been circulating about Niles concerning the purity of the water supplied by the Public Utilities California Corporation there is nothing to become alarmed over as the water is in excellent sanitary condition.

To refute any possible misunderstanding that there may be germs in the community's drinking water, E. F. Glassbrook, manager, had two samples of water tested by Ralph A. Stevenson, sanitary chemist and bacteriologist whose offices are in Sacramento.

The letter sent to Niles from Stevenson is printed in full:

"Following are the results of analyses of Niles water submitted to me on July 3, 1930. Sample 1, bacteria per cubic centimeter, 4. Bacillus Coli index 0. In 50 centimeters; Sample 2, bacteria per cubic centimeter, 3. Bacillus Coli index 0. In 50 centimeters.

"The State Board of Health will allow water for drinking purposes to contain 100 bacteria per cubic centimeter and a bacillus coli index of .01. The above analyses indicate an excellent sanitary condition at the time of sampling.

Editorials In The Register Brings Greater Safety For Motorists

SHOUP ISSUES ORDER

President of Railroad Company Demands Action—Gets It

REMOVAL of the piles of timbers which blocked the view of the Southern Pacific railroad crossing in Sunol was started this week by the Hetch Hetchy project superintendent as a result of pressure brought to bear through the editorials appearing in The Township Register.

The Southern Pacific Company had leased its right-of-way along side the highway leading through Sunol into the Niles Canyon to the Hetch Hetchy. The latter company utilized the space as a storage ground for its lumber. The piles grew higher and higher until they completely blocked the view of the railroad crossing.

It became impossible to see the tracks until one was upon them, even the wig-wag signal being hidden from view. The highway at this point runs parallel with the tracks for a distance of some hundred yards and then makes a sharp square-turn over the tracks. The lumber piles were between the tracks and the road.

The week following the appearance of the second editorial dealing with this dangerous condition, a portion of the piles were removed, making it possible to see the wig-wag signal when one approached to within about thirty or forty feet of the crossing. This aided, but was far from assuring the safety of motorists approaching the crossing from the Sunol side.

In the meantime the attention of Paul Shoup, president of the Southern Pacific Company, had been called to the condition. The Township Register having sent marked copies of its paper containing editorials in this matter direct to Shoup.

There was no dilly-dallying around once Shoup learned of the condition. He immediately dispatched Herbert Spencer, of Oakland, who has charge of the leases and right-of-way for the Southern Pacific Company, to see Norman H. Parks, publisher of The Township Register. Mr. Parks informed Spencer of the condition as he had learned it from first hand information, having made from two to three trips between Pleasanton and Niles every week.

After conferring with Mr. Parks, Spencer went to Sunol where he got in touch with C. R. Rankin, resident engineer, and in charge of operations of the Hetch Hetchy in the Sunol district. Rankin then issued orders to have the entire obstruction removed.

The removal operations are in charge of Foreman Blair, who is rushing the work under special orders from Rankin. The complete clearance of the view to the tracks will be accomplished this week, it was stated.

"While I do not publish a newspaper in Sunol, I have a soft spot in my heart for that little community nestled in the valley between Pleasanton and Niles, and the columns of my newspapers are always open to any of its problems," Mr. Parks stated in commenting upon the result of his editorials.

"I have been informed that I erred in stating the Southern Pa-

CLEAN, PAINT AND FIX-UP CAMPAIGN IS UNDER WAY

The "clean up, fixup, and paint up" campaign is now under way in Alameda county. Supervisor W. J. Hamilton has appointed a committee of 150 citizens to carry on this campaign. He requests that every resident in the county appoint himself or herself to aid in this work. He estimates that if every family on the Pacific Coast were to employ one man who needs work for one day that it would be equal to a month's work for 80,000 men.

The purposes of the campaign are:

- 1-To wash, repair and paint business structures.
- 2-To do immediately work of maintenance and repair on residences that would be done later.
- 3-To repair fences, sidewalks, and other exteriors.
- 4-To attend to plumbing.
- 5-To clean, repair or replace fittings and furniture in homes.
- 6-To check and repair, if need be, all electrical work in homes and business buildings.

Back of all this intention is the desire to have home owners and business people generally aid themselves by relieving unemployment and stimulating business. It is directly in line with the program of President Hoover and the national committee he appointed to find means of relieving unemployment.

The above reasons are called sound and sensible reasons for cleaning, repairing and painting at this time. Another reason is that the resident or business man will feel better about his home or store.

The Buildings Trades Councils of California which inaugurated these campaigns over the state are to be congratulated for a great piece of constructive work.

It is noted that considerable repair and construction work is being done in Niles, such as new front and renovation of Murphy and Briscoe's general merchandise store, the new temporary location of the Center Grill, Joe Oliver's home, and the new \$25,000 Odd Fellows' hall.

SUMMERBAND REHEARSES AT HIGH SCHOOL

Following the Practices It Will Give Five Local Concerts.

J. KIMBER DIRECTOR

High School and Alumni Players Urged To Attend Tonight.

More players are wanted to join the summer band which holds practices on Monday and Thursday evenings at the high school. Following these rehearsals five concerts are to be given in the township.

Tonight the band will meet for the second time. Thirty were present Monday night. John E. Kimber is directing the summer band which is composed of all high school players and former players who are now alumni.

Concerts are to be given in Niles, Newark, Centerville, Alvarado and Irvington. An especially fine program is to be presented in each town.

Medical numbers to be offered will include such selections as Tschakowsky's "Marche Slave," Suppe's "Poet and Peasant Overture," Meacham's "American Patrol," several solos and marches.

The township band is doing its best to give the music patrons of the township some worthwhile music and it is hoped that the public will appreciate its efforts and the coming concerts. It is hoped that a forty-piece band will be assembled in order to render the best music. Anyone who missed the first practice is urged to remember to turn out tonight.

Progress in the bands and orchestras of the township is being noticed by many of the residents. The recent grammar school orchestra concert was a vast improvement over the first one. The fact that the Washington Township High School Band was placed fourth in the state band contest for the first time that it ever entered proves its worth and efficiency in playing good music.

Mrs. Sarah Crane Reports Her Wonderful Trip To France.

Mrs. Sarah Crane, Niles Gold Star mother, returned on the Fourth of July from the pilgrimage made by thousands of American war mothers to the battlefields of France with all expenses paid by the United States government.

Mrs. Crane left here on May 21 and sailed from New York on the "President Roosevelt." She traveled to New York via Western Pacific lines, visiting all important cities, Royal Gorge, Feather River canyon and taking a sight seeing tour of Salt Lake City.

The group of Gold Star mothers landed in Cherbourg, France, after a pleasant voyage across the Atlantic ocean. From there they traveled to Paris.

Seven days and nights were enjoyed in the capitol of France. Shortly after reaching Paris, the mothers each placed a wreath on the grave of the Unknown Soldier during the ceremony at the Arc de Triomphe under which the party marched in a body. Following the ceremony they went to the gardens of the French Ambassador where they were entertained in a royal manner and served tea. Another day was spent at the beautiful Champs de Elysees.

From Paris the pilgrimage made its way to Verdun. Ninety-six of the party visited the Meuse-Argonne cemetery where Mrs. Crane's son, William E. Crane, a private in the 30th Infantry of the third division, was buried in October, 1918. Seven days were spent in Verdun with daily visits made to this beautifully kept cemetery with 14,895 white marble crosses marking the graves of that many American soldiers. The cemetery covers over 25 acres of land which is covered with lawn and rows of crosses. The United States government pays for the upkeep of this garden of rest and is constructing a memorial building, with the names of each American who gave his life to his country inscribed on the marble blocks, and a magnificent archway to the Meuse-Argonne cemetery.

Each day the party toured the battlefields by a different route, making a total of 115 miles. Hundreds of acres of ground are still devastated. Everywhere one could see trenches, dugouts, shell holes, guns and other war materials.

The pilgrimage then wound its way back to gay Poree where it took in all points of interest. Some of the places inspected were Napoleon's tomb, Fontaine Bleu, many cathedrals, churches, art galleries

CANNERY TO OPEN NEXT WEEK

Five Hundred Women and Men To Be Employed By Schuckl Co.

J. E. Townsend, superintendent of the Schuckl Canning company in Niles, announces that the cannery will open its 1930 season next week between the fifteenth and Saturday. Five hundred men and women will be employed during the long peach run. Although the working hours will be short the first week they will soon be twelve hour days.

Peaches are to be shipped here from Yuba district where nearly one-half of the world's canned peaches are grown. As there is an extra heavy crop this year, the peach run here will last for fully two months. Twelve to fifteen carloads of fruit are to be received daily.

Following the peach season the Niles cannery will can fruit salad. The total output for 1930 will be 300,000 cases to be packed or a total of 10,000,000 cans of number 1 fruit. Ninety percent of the fruit here is shipped to England, where it is redistributed to parts of the British Empire, Sweden and Germany.

The local plant is now in readiness for the opening next week. Everything has been entirely overhauled, repaired and painted. New syringing machines have been installed, being the latest word in progress. The latest and fastest closing machines which put the lids on cans at the rate of 100 to 150 per minute have also been installed.

This year's cannery force is as follows: J. E. Townsend, superintendent; A. F. Johnson, warehouse superintendent; Manuel Mendoza, foreman preparation department; W. E. Jones, foreman canning department; C. S. Smith and M. C. Alsip, foreman and assistant foreman respectively of the cook room; and Leonard Bakke, office manager.

MRS. ABROTT DIES AT SANATORIUM FOLLOWING ILLNESS

Rebekahs and Eastern Stars Conduct Two Funeral Services.

Mrs. Lenore Abrott, 42, passed away into the great beyond at the Arroya Sanatorium early Monday morning. Mrs. Abrott had been ill with tuberculosis for the last ten years, and has been confined to the sanatorium for the past several years. Her husband, Chester Abrott, died suddenly two years ago.

Funeral services were conducted in the Niles Congregational church yesterday afternoon. As Mrs. Abrott was a member of the Orient chapter of the Eastern Star, that order conducted the services in the church here. Following this, another service was held in an Oakland crematorium by the local Rebekahs, of which the deceased was a member. The body was cremated there.

Mrs. Abrott came to Niles twelve years ago from Pleasanton. She is survived by a daughter, Lois, a son, Arnold, her father and mother, Mr. and Mrs. Sinclair, of Pleasanton, and two brothers.

Her many dear friends extend their heartfelt sympathies and condolences to the bereaved members of the family.

COUNCIL MAKES A DRIVE AGAINST BRAKE VIOLATORS

Faulty Headlights To Be Watched by Traffic Authorities

Ramsey Probasco, president of the East Bay Safety Council, has announced that a drive is being made to bring a reduction of automobile deaths and injuries caused by brakes and headlights not being properly adjusted. All violators caught will be haled into local courts.

Authorities say that bad brakes and illegal headlights of one kind or another are among the most fruitful sources of serious accidents as the researches of Probasco's organization report. The Safety Council's report, covering fifty-one deaths so far this year, shows that twenty-seven of the victims met death after 6 p. m., indicating that poor visibility must have a bearing on accidents. There were seven deaths between 6 and 7 in the evening; seven between 7 and 8; four between 8 and 9, one between 9 and 10; eight between 10 p. m. and 1 a. m.

Probasco said that the drive against brake and headlight violators is one of a series of activities which are to be conducted on an ascending scale for the remainder of the year to avert the substantial increase in deaths which now seems possible for 1930. He reports that special bulletins are being mailed to 4,000 members of the council and that messages urging safe driving are to be shown on the Oakland streetcars and cards in the business windows.

Local Growers Asked to Show Produce

Harvey Braun attended a meeting of the Alameda County Development Commission in Oakland yesterday. The session was called to decide upon the county's exhibit in the state fair. Last year it took first place and the commission hopes to repeat it again this year. Artists were present with plans drawn for the proposed exhibit.

Any fruit or vegetable grower in Washington township who has any choice specimens should exhibit them at the fair. They may get all information necessary from Harvey Braun, Ralph Richmond or the development commission. The produce is to be stored in refrigerators until the fair opens in September. Last year several exhibits were sent from here.

cific was to blame for the blocking of the motorists view. I did err, but not entirely, as it was on Southern Pacific property and that company was responsible. The company officials realized this and saw to it that the obstruction was removed.

The following letter was received by Mr. Parks from H. A. Johnson, Southern Pacific agent at Sunol. It speaks for itself:

SUNOL, CALIF, JULY 1, 1930.
 MR. NORMAN PARKS,
 NILES, CALIF.
 DEAR SIR:

Having just read your editorial in The Pleasanton Times, I decided that I had better write to you and tell you that you are far wrong in your talk.

I would like to have you print my letter in your papers, both The Pleasanton Times and The Niles Register.

In the first place I would like to say that the piece of land that you refer to is not under Southern Pacific jurisdiction, at the present time, and has not been for the past year or more. The Hetch Hetchy Water Supply, of San Francisco, has had it leased for that length of time. Another thing, the lumber on that land is not railroad ties at all but timbers that the Hetch Hetchy Water Supply, of San Francisco, is hauling and using.

Since the editorial in your papers appeared, a few weeks ago, the Hetch Hetchy Water Supply, of San Francisco, has moved a greater part of these timbers so that motorists have a clear view for a greater distance. There is a railroad crossing sign on the right side of the road at least 300 feet from the crossing. Also there is a state law that requires the motorist to stop at the crossing if the wig-wag or crossing bell is in operation.

The accident that you have reference to, was not because of the driver coming from the east and his view being obstructed by the lumber piles. He was coming into Sunol from the west and saw the crossing bell ringing. His accident cannot, therefore, be blamed to the lumber piles obscuring his vision. I am sure that any motorist can clearly see his way for at least 200 feet if coming from the east.

Next time that you make the trip west through Sunol, notice these things and you will readily understand just why I am writing you.

Yours truly,
 H. A. JOHNSON,
 Agent Southern Pacific Company.

ANOTHER BALL GAME.
 Next Sunday, the Leslie Salt baseball team will meet the Morton Salt company's team on the Newark Grammar School grounds. The last game between these teams was very exciting and another such game is predicted.

At the former game, which was played on the Alvarado grounds, the score was 4-3, in favor of the Leslie boys.

It was not a tough struggle for the Leslie Salt company's team to win their game Sunday on home grounds when they beat the Jeffersons, of Oakland, by a score of 21-7.

Leslie's pitcher was "Spud" Degermark, who fanned twenty-three players out and walked two.

World Famous
COMMANDER EIGHT
 Now 101 horsepower
 124 inch wheelbase

free wheeling is here!

STUDEBAKER, Builder of Champions, presents improved, enlarged, more powerful editions of seasoned Eights—the world champion President, the world famous Commander—plus free wheeling.

Free wheeling is a triumph of that same Studebaker progressiveness that pioneered the popular priced Eight—seasoned it and proved it to the satisfaction of over 100,000 owners. Today the whole industry is following the Eight trend that Studebaker inaugurated three years ago.

A New Experience

Prepare to drive the most unfettered, yet most obedient car in the world—a car that literally floats along, in gear and fully controlled, yet free and silent as though there were no gears!

You shift with silence and safety from high to second, back and forth, at any speed—forty, fifty miles an hour—and never touch the clutch!

The instant you lift your foot from the throttle, no matter how swiftly you may be traveling, your engine drops to idling speed—with no forcing of the engine by car momentum—with no sensation of "piling up."

You know, of course, that Studebaker Eights hold many world records for speed and endurance and more American stock car records than all other makes combined. But

the increased power of the great Studebaker Eight engines which drive these new cars is a revelation.

Save Money, Too

With free wheeling, you save 12% on gasoline, 20% on oil—and the heavier the traffic the greater the saving. Carbon is reduced. The terrific reversal strains thrown on rear axle, clutch and transmission of an ordinary car are utterly unknown.

You are ready for any emergency of road or traffic on the instant. No sudden grabbing of the new Duo Servo brakes—no swerving. Instead, a smooth and reassuring drop in speed—swift as your need dictates.

Your steering gear rights itself after a turn—automatically the car swings to "straight ahead." Your car, floating at each spring-end on oil-sealed ball bearings, rides friction-free.

Enviably in Appearance

All the new delights of free wheeling are yours as the crowning achievement of Studebaker's 78 years of manufacturing integrity. They are yours in new bodies, utterly bewitching in eye appeal. Visit the nearest Studebaker salesroom. Drive one of the New Series Studebaker President or Commander Eights. Get a first-hand experience with free wheeling. We promise you the thrill of your life!

Shift from high to second at Forty... Fifty miles per hour and never touch the clutch!

Saves 12% on gas, 20% on oil—even more in heavy traffic.... Reduces carbon, lessens strain on engine and transmission

You don't have to touch the clutch except to start or back up

Your car momentum never forces your engine—no sensation of "piling up" when you decelerate... You literally glide along

Your car is surprisingly quiet in every speed... uncannily silent when you're free wheeling

You are safer because you have absolute control of your car... You can shift at any speed... There is less hazard of skidding!

There is a good deal in the papers now about the Byrd
Antarctic Expedition. They used more than 7000 articles
selected from our regular stocks and they used them un-
der conditions where quality and dependability meant
life itself. Their verdict was radioed to us in March from
Dunedin, New Zealand, "Satisfactory in all respects."

Our method of doing business can be stated in one phrase—
"You Must Be Satisfied"

The goods you buy from us must be "satisfactory in all
respects." Leadership demands action. In making our Fall
prices effective now, we are doing something definite to
establish public confidence in new price levels and we are
taking this constructive step to stimulate the use of your
buying power.

For years we have recognized the conveniences and
advantage of the Time Payment method. We are selling
annually many millions of dollars of goods on Easy Pay-
ments. Basically the American Public is honest, meets its
just obligations. On that belief we have never hesitated to
sell on time. Over a period of many years, our experience
has been thoroughly satisfactory and our bad debt losses
negligible.

Prices based on the new low commodity levels, quality
goods of absolute dependability, our policy of "You must
be Satisfied" and now this great 60-day Easy Payment
opportunity. Surely these combine to bring you economy,
convenience and satisfaction in your buying.

Yours sincerely,

George B. Everett
President.

FORMER EDITOR OF PLEASANTON STAR NOW HAS CURIO STORE PHOTO STUDIO AT YOSEMITE

D. J. Foley Inquires About
Old Friends In This
District

When tourists from this section
of Alameda county visit the Yose-
mite valley and drop into the lit-
tle curio store and photo studio ad-
joining the postoffice building, it
is only the old time resident who
recognizes in the proprietor D. J.
Foley, pioneer editor of Pleasanton
and one time publisher of the Pleas-
anton Star, the forerunner of the
Pleasanton Times.

Foley, according to the early
files, welded the editorial pen in
the middle eighties, and judging
from the copies of his paper, pub-
lished an interesting journal.

Old time residents of the valley
recall him as the first man to in-
troduce a bicycle into Pleasanton.
It was one of the kind with a big
wheel in front and a small one in
the rear.

Foley moved to Yosemite more
than twenty years ago. He is said
to be a pioneer in the photographic
business of that famous valley, and
specimens of his craftsmanship on
display in his store bear evidence
to his artistic taste.

His place of business and living
quarters are situated in the New
Village, underneath the towering
cliffs over which the Yosemite
Falls plunge to the valley below.
The roar of the falls are distinctly
audible from his porch. From his
windows may be seen several of the
most majestic views of the whole
valley.

The garden surrounding the place
has been planted with wild flowers
and plants of the valley. The build-
ing is covered with cedar bark.

Birds and animals from the floor
of the valley are frequent visitors at
Foley's door, where they are always
certain to be fed. In a garden ad-
joining the house, the former ed-
itor has built an ornamental foun-
tain at which the birds of the valley
come for their daily drink and bath.

Foley is no longer a young man,
and as his years draw to a close it
seems to those who knew him in
his younger days that no more fit-
ting place or occupation could be
selected for a man of his tempera-
ment and accomplishments to spend
his declining years.

While the years show in his face
and voice, his mind remains keen
and active and his interest in events
of the day are shown by his keen
appreciation of news from other
parts of the world.

Visitors from Pleasanton are
always assured of a whole-hearted
welcome by Foley, and the rapid
stream of questions about people
and happenings of the Amador val-
ley show that his interest in the
community where he edited a news-
paper more than forty years ago
has not abated.

JUSTICE COURT HAS LARGE NUMBER OF FINES

A number of small fines were
paid to Judge Joseph A. Silva at
the Justice of Peace court in Niles,
Tuesday afternoon. A heavy fine
was meted out to Antonio de Bern
Barroco, of Berkeley, for reckless
driving. He was forced to pay a
penalty of fifty dollars to the judge.

Joseph Scheibelt, of Pleasanton,
paid ten dollars for cutting in.
Warren T. Dodge, of Berkeley, paid
five dollars for the same offense.
For failing to halt at stop signs
the following were fined two dol-
lars each: Joe Rivers, of Decoto,
George Bigelow, of Winters, A. F.
Freitas, of Castroville, and Joe
Perry, of Niles.

For parking on the highway, J.
W. Henderson, of San Francisco,
paid a two dollar fine. Max Kap-
len was fined five dollars for hav-
ing a load on the left side extending
beyond the running board. John
Wilson, of Hayward, and Allan
Bradden, of San Jose, each paid
two dollars for wrong parking.

TRAINED LION TO MAKE APPEARANCE HERE SATURDAY

The best known animal in the
whole world comes to Niles, Satur-
day, in the person of Leo, the huge
lion that roars his supremacy at
the beginning of all Metro-Goldwyn-
Mayer pictures. He will arrive in
person with all of the grandeur and
style that surround the king of the
beasts. Leo will perform in front
of the Niles Theater at 6 P. M.
Following his free performance, he
will eat twenty-five pounds of raw
meat donated to him by the Quality
Meat Market.

It is expected that there will be
all of the children in Niles and
many from the other towns to see
this trained lion perform in the
street. It will be his only showing,
as he will not appear in the thea-
ter.

Leo's entourage consists of two
magnificent motor cars and one
palatial motor truck, and a staff of
five escorts. All of the conveyances
may be readily identified by the re-
splendent fashion in which they
have been decorated in red and
gold. The lion and the trainer are
making a world tour, and it is an
honor to Niles that they stop here.

When young people play hard...

hot water—*instantly*, is a blessing!

Saves 4 to 6 hours each week

Happy days for the young
people mean additional cares
for mothers.

But plenty of hot water at
the turn of the faucet washes
away the trouble. Throughout
the year too, it saves your time
—by giving you hot water
without delay, by quickly
dissolving dirt and grease,
by making it easy to keep
things sweet and fragrant.

When men stop at fine
hotels they like the hot wa-
ter at a turn of the faucet
—for bathing and shaving.
It's this same service that is
brought to your home by

Automatic Gas Water Heater.
Because of its insulated tank
and efficiency, the cost is less
per gallon to heat water with
an Automatic Gas Water
Heater than with the old-fash-
ioned methods of waiting for
water to heat.

And once you install the
excellent service, there's
never any bother about hav-
ing an abundant supply of
hot water—day and night.

Come into our office or a
dealer's store and see the
modern heaters. Or just
telephone and our repre-
sentative will call.

Mr. and Mrs. George Emerson entertained a number of Oakland friends at their summer home in Paradise Park in the Santa Cruz mountains over the week-end.

GAME OF COURT WHIST PLAYED BY EASTERN STARS

The regular meeting of the Oriental Chapter of the Eastern Star was held in the Masonic Temple in Centerville, last night.

Following the meeting an innovation in entertainment was made as a game of court whist was played by the large numbers attending. Mrs. Earl Hellwig, grand matron, was the hostess of the affair.

Refreshments were served to those present following the card game.

Couple Is Married By Catholic Father

Manuel Lopes was married to Mrs. Annie Peters in the Holy Ghost church by Father A. M. de Sousa on July 3. Both are well known in the community and have a host of friends who extend their best wishes.

Mr. Lopes recently purchased a new cottage on School street where he will take his bride following their honeymoon, at Santa Cruz.

Former Residents Are Given Surprise Party

A surprise party was given to Mr. and Mrs. Wayne Day, of Hayward, former residents of Centerville, at the home of Mrs. B. O. Day. The occasion was their fifth wedding anniversary. Cards and games were played after which refreshments were served. Many useful gifts were received by them.

Those present were Mr. and Mrs. W. Day, Mr. and Mrs. Lucio Campos, Mr. and Mrs. G. E. Stinhliver, Mr. and Mrs. J. A. Silva, Mrs. Campos, Alfred Roderick, Mr. and Mrs. Frank Peixoto, Melford Mathieson, Mrs. Alice Axford, and Mr. and Mrs. B. O. Day.

Local People Spend Fourth at Castlewood

Some fifteen Centerville residents spent the Fourth of July at the Castlewood Country Club near Pleasanton. Swimming in the afternoon was followed by dinner and a wonderful display of fire works in the evening.

Those who went from here are: Mr. and Mrs. F. T. Dusterberry and children, Mr. and Mrs. Howard Chadbourne, Mr. and Mrs. Robert T. Anderson, Dr. and Mrs. W. L. McWhirter and son, Miss Jewel Anderson, Mr. and Mrs. Ralph Emerson, and Miss Elizabeth Dusterberry.

Presbyterian Services To Close for Summer

Reverend James McElhinney will preach his last sermon in the Centerville Presbyterian church before taking his summer vacation, Sunday morning at 11 o'clock. He has planned an interesting service for this closing day.

The pastor will spend the most of his vacation with his brother who is an invalid, at Long Beach. James Fair and Reverend McElhinney will attend the Presbyterian Synod to be held in Los Angeles the latter part of this month.

AUTOMOBILE OF BANK CLERK IS BADLY SMASHED

Ernest Pimentel Escapes With Minor Cut from Accident.

Ernest Pimentel, of the Centerville Bank of Italy staff, badly smashed his Chevrolet sedan while driving from the Newark bank branch to the one in Centerville at 10 a. m. Monday. He was very fortunate in escaping with only a minor cut above his right eye.

While he was driving the car he wondered where a registered letter was that he was carrying and looked in his pocket to see if it was still there. When he glanced up, hardly a second afterwards, he found his car right upon a telephone pole which was too late to change his course. The car cut the pole from its base and swerved over against one of the towering eucalyptus trees which caved in the top of the car.

Pimentel and the car were taken to Centerville, one to the doctor and the other to the garage. The sedan was so badly smashed that there is little hopes of its recovery, while its driver returned to work as if nothing had happened.

If the front end of the car had been smashed on the left side the driver would probably have been seriously injured or killed. The entire frame of the chassis was bent out of shape.

Mrs. Fortuna Interred In Centerville Cemetery

Mrs. Marian Fortuna, 58, who resided near Newark, died on June 27, at a hospital where she has been ill for some time. Funeral services were conducted in St. Edward's Catholic church by Father Bray on June 30. Burial was made in the Centerville cemetery.

The deceased leaves only two survivors, her children, Manuel and Mary Fortuna.

Grammar School Teacher Resigns from His Post

John Gallant's resignation has been accepted by the Centerville Grammar School board of trustees. He will teach in San Francisco schools where he lives. His place is to be filled by Thomas Maloney, of San Jose.

Maloney will teach physical education and will be assigned to a grade to teach in regular school work. He is a graduate of the San Jose State Teachers College.

BRIDGE LUNCHEON.

Mrs. L. Sharman gave a bridge luncheon to a few friends last Wednesday. Every thing was served in a dainty manner. In a way it was a welcome home to Mrs. P. A. Ellis and Mrs. F. O. Bunting. The afternoon was spent playing bridge. Mrs. F. Bunting received the prize for highest score, and Mrs. Thane, consolation.

H. W. de Leon, former resident of Niles, is recuperating at his home in Oakland from a recent operation at a hospital in Oakland.

H. S. Graduates Give Robin Trask Shower

A party and shower was given recently in honor of Miss Robin Trask, of Decoto, by Miss Lavon Molter. A number of high school friends were present at this affair. Many beautiful presents were given to Miss Trask who is to become the bride of Charles Hatch in November.

Those present were Miss Trask, Gertrude Ellsworth, Elizabeth Shinn, Mary George, Marie White, Frances Ann Robinson, and Miss Molter.

GOLDEN WEDDING

Mr. and Mrs. D. R. Eldridge, of Pittsford, Mich., who are spending the summer in California, celebrated their golden wedding anniversary at the home of their son, Mr. and Mrs. J. D. Eldridge, of Kilkare Woods. The elder Mr. and Mrs. Eldridge are living in San Leandro temporarily. An outdoor dinner and reception were tendered the couple last Sunday. Mr. and Mrs. M. S. Krebs, of Los Angeles, attended the dinner. K. A. Eldridge, a son living in Pittsford, telegraphed his felicitations. There were many friends present to wish them many happy returns of the day and many more days of wedded happiness.

SMASHES FINGER

While at work at his garage on Wednesday afternoon, Jack Silver hurt his finger very badly. He was taken to Pleasanton immediately where Dr. J. Hal Cope dressed it for him. It was badly smashed and will need plenty of care before it will be healed.

Charles Hadsell and daughter, of Richmond, renewed old acquaintances in Sunol Thursday.

Mrs. Lou Bonner, of Sunol, and Mrs. Mary Buttner, of Oakland, were Pleasanton callers at the home of their sister, Mrs. Ziegenfuss, Thursday.

Mildred Brask and Mary Servos visited friends in Decoto, Thursday.

John Trimmingham, Sr., made a business trip to San Francisco, Friday.

Mr. and Mrs. Alfieri were business callers in Oakland Friday.

Wm. Cosgrove left last Saturday for a vacation in the Santa Cruz mountains. He will be away for two or three weeks. Ole Anderson of Niles Canyon road, will take his place at the school during his absence.

Mr. and Mrs. Dan Hurley, of Glen avenue, are living in a tent the past few days while their new house is being built. They are tearing down their old house and are building the new one on the old location. It will be well worth living in a tent for a short while to be able to move into a new home.

MISSION SAN JOSE

Mr. and Mrs. Joseph Fernandez and daughter, Mr. and Mrs. Manuel Semas and daughter, Miss Agnes Rogers, Mr. and Mrs. Larry Medeiros and son, Albert Silva, and Tom Semas, spent the Fourth in Santa Cruz.

"Sam" Pereira, of Jackson, spent a few days visiting his relatives.

Register printing the best.

The Pacific Gas & Electric Company is getting busy tearing the streets of Sunol to pieces. The entire town looks like a mole had been at work. While they were drilling in front of the Andrews restaurant they hit the water main and had a regular geyser for a short time. The residents of Sunol were almost without water for a while. It was soon fixed, however. Everyone is anxiously waiting for the completion of the work so that they can use the gas before the rest of the hot weather arrives.

Mr. and Mrs. Ralph Knight and family and Mrs. Helen Hayes, of Eugene, Oregon, spent Sunday at the beach in San Francisco.

Loren Buttner is spending the week at the home of relatives in Oakland.

Earl Stewart returned to his home here after a week's visit with relatives in Stockton.

Robert EIMs made a trip to Oakland, Saturday.

Mrs. Frank Crespi spent the week-end with her daughter in San Francisco.

Mr. and Mrs. H. Wieking are entertaining about thirty friends of the East Bay over the Fourth.

Word was received in Sunol Wednesday morning of the passing of Jack Regan, of Niles. It was very sudden as he had just returned from his vacation.

Mr. Eberley of San Louis Obispo a brother in law of Mrs. George Buttner, is spending his vacation at their home.

Miss Barbara Bradley, of Pleasanton, made a business trip to Sunol Wednesday.

Little Cleo West, daughter of Mr. and Mrs. C. H. West, of the Foot-hill road, had the misfortune of having a bad accident happen to her eye. While playing with the children and their toy airplanes one of the planes hit her in the eye cutting it open. The sight is not impaired as far as can be learned but the eye is in bad shape and she has to be under the care of an eye specialist for some time. Her friends and playmates send her their best wishes and hopes for a speedy recovery.

Mrs. Helen Hayes, of Eugene, Ore., who has been staying at the home of Mr. and Mrs. Ralph Knight, Niles Canyon rd. left on Wednesday for Evenston, Wyo., where she expect to visit friends for a time.

Mr. and Mrs. Joe Silver left on Thursday morning for Salt Lake City where they will spend Mr. Silver's vacation at the home of Mrs. Silver's parents, Mr. and Mrs. Edward Blake.

Thomas Leach made a business trip to Oakland Tuesday.

Frank Viada, of Pleasanton, was a business visitor in Sunol Wednesday.

Mr. and Mrs. Joe Silver and Mrs. Jack Silver and son were Niles callers Tuesday.

C. F. Corrigan, of Oakland, was a caller in Sunol Wednesday.

Mrs. Lee King, of Kilkare Woods, was an Oakland visitor last week. The club house at Kilkare Woods is to be the scene of another of its

good time dances. Each dance gives an at the club house is thoroughly enjoyed by all who attend. The public has been invited to attend.

Mr. Pilati and daughters, Olga and Vanda, of Stockton, visited at the John Pedri home over Sunday. Victor Pedri returned to Stockton with them for a few days.

S. Britton, of New York, arrived in Sunol Tuesday for a visit at the home of his son, Ashton Britton.

CONTINUATION IS GRANTED IN CASE OF DUDLEY ISRAEL

Attorneys Want Vacation Before Going Ahead In Court

In order to permit attorneys to take a vacation, the case of Dudley L. Israel, charged with driving an automobile while intoxicated, was continued until July 22. This action was taken by order of City Judge Wm. T. Davis, of Pleasanton, last Tuesday morning when the case was called for hearing.

Attorney Phillip J. Carey, counsel for Israel, moved for the continuance and his request was acceded to by Deputy District Attorney Teeson.

Israel was arrested on a complaint sworn to by Constable Albert E. Vervais following an automobile accident on the morning of June 16. At that time a machine driven by Israel ran off the highway near town and a passenger in the car, Ralph Mathis, was killed.

Decoto Department

Supervisors Order Decoto Road to Be Kept Open

At the last meeting of the Decoto Chamber of Commerce, it was announced that the Board of Supervisors will not close J street between 10th street and Railroad avenue. It was considered best for the community to keep all streets open for public use.

Nomination of officers for the next six months are as follows:

President, Pete Decoto.
Vice-president, Wm. Hurst.
Secretary, R. Bendel.
Treasurer, J. L. Olson.

With the exception of Wm. Hurst, all officers are re-nominated to their present office.

The election is to be held on July 22nd.

Decoto Fire Department Makes Annual Report

The Decoto fire department's annual report, covering the fiscal year, from July 1st, 1929, to June 30th, 1930, is as follows:

Alarms responded to, 13.
Distance run, 38 miles.
Lines of hose stretched, 1,525 feet.

Ladders raised, 44 feet.
Chemical tanks used, 8.
Extinguishers used, 4.

Estimated fire loss, \$1,260, which is partly covered by insurance.

The department made three runs to adjacent territory; twice to the Alvarado district, and once to Valle Vista.

MORE ON GOLD STAR MOTHER

(Continued from Page one)

and inns. Mrs. Crane reports that conditions in France are over fifty years behind those here.

Mrs. Crane returned on the S. S. American which landed her in New York where she took a train for home.

In an interview, Mrs. Crane said: "Not enough praise can be given to the American officers in France who handled the pilgrimage there. These officers and the French people extended us all courtesies and honors that could be paid anyone. We all are especially grateful to our United States government for honoring us by this wonderful pilgrimage which was so wonderful that I cannot begin to tell of all of it now. We were taken everywhere over there in busses accompanied by a nurse, guide and interpreter, army officer and chauffeur. They all entertained us in a manner above any praise that I could give."

Decoto Man Killed When Auto Hits Telephone Pole

Joseph Alcante, 22, of Decoto, died at the Highland Hospital because of an accident that occurred Friday. While driving his automobile toward Alvarado on the Whipple road, he left the road and struck a telephone pole, causing him to receive a fracture of the skull. He is believed to have fallen asleep while driving.

A passing motorist picked him up and carried him to the Hayward General hospital where Alcante was given emergency treatment and then taken to the county hospital. Coroner Grant D. Miller announced that an inquest will be held this week.

Ten Acres of Masonic Hay Fields Are Burned

A fire broke out on the hay field of the Masonic Home, Sunday afternoon at 3 o'clock. Over ten acres of stubble were burned and the remarkable thing about the fire was that two large hay stacks in the center of the conflagration were untouched although the flames were on all sides of them.

Neighbors quickly rushed to the field with wet sacks and checked the spread of the fire. The Decoto Fire Department also quickly responded to the call, taking the situation in hand without any delay.

Vivian Blose, of Oakland, is visiting friends in Decoto this week. She is the guest of Mr. and Mrs. W. A. McPherson, who were her neighbors for five years.

Roland Bendel and family have postponed their vacation to the Yosemite valley due to the serious illness of his mother.

HOUSE PARTY.

Mr. and Mrs. P. A. Ellis entertained the following people at a house party, Sunday: Colonel and Mrs. F. W. Marston, Mr. and Mrs. Charles Marston, Miss Lorraine Fuller, of San Francisco, Mr. and Mrs. George Sperbeck, of Alameda, and Mr. and Mrs. Henry Walton, of Niles.

GLADIOLUS SHOW TO OPEN IN WOMEN'S CITY CLUB

Township Garden Lovers Asked to Exhibit and Attend.

Flower lovers of Washington township are invited to exhibit and attend the second annual gladiolus show at the Women's City Club, 1428 Alice street, Oakland. This exhibition is being sponsored by the East Bay Gladiolus society. It is expected that several choice specimens will be exhibited from this community.

The show is to be the largest held in this part of the state. The main exhibition room is nearly 5,000 feet square and nearly 200 exhibitors have already applied for space in the show as all are welcome.

W. H. Kingsley, a member of the society from Hayward, urges the flower lovers of this community to bring the best gladiolus they have in their gardens and take home some of the numerous prizes offered, among which are bulbs of the best of the newer varieties of gladiolus. There will also be several cups, medals and trophies offered for the best exhibits coming from the most distant points. Anyone wishing to exhibit should bring their flowers before 10 a. m., July 18. The central location of the Women's City Club makes it very easy of access to out of town visitors. There is absolutely no admission to the show.

TOWNSHIP GRAPE GROWERS SIGNING UP FEDERAL PLAN

Total of 1,038 Tons Pledged in This District, Report Shows

Alameda county again jumped into the lead for grower support to the Farm Board Grape Industry program last week with the sign-up of contracts representing 1,038 tons pledged to a regulated grape industry, according to Franklin Lowney, of the state-wide grape sign-up committee.

The total acreage signed in Alameda county to date now stands at more than 1,900 acres with approximately 3,150 tons.

The extensive properties of the Brotherhood Vineyard in the Livermore valley also was signed-up for removal of the surplus grape crop and insurance for better price levels to growers.

Louis De Martini, of Concord, reported in an additional sign-up of 350 tons for farm board grape relief in central Contra Costa county. The total sign-up in Contra Costa county is now 5,050 tons, it was said.

Sonoma county led all northern counties so far last week with a sign-up of 5,490 acres of viticultural lands in the Russian River country and the Sonoma valley. Mendocino county also came to the fore last week with 1,992 acres signed for federal aid, and Napa county continued to make steady progress.
